CHAPTER 1: Overview

1.1 Introduction

The Centers for Medicare and Medicaid Services (CMS) has long identified staffing as one of the vital components of a nursing home's ability to provide quality care. Over time, CMS has utilized staffing data for a myriad of purposes in an effort to more accurately and effectively gauge its impact on quality of care in nursing homes. Staffing information is also posted on the *CMS Nursing Home Compare* website, and it is used in the *Nursing Home Five Star Quality Rating System* to help consumers understand the level and differences of staffing in nursing homes.

Section 6106 of the Affordable Care Act requires facilities to electronically submit direct care staffing information (including agency and contract staff) based on payroll and other auditable data. The data, when combined with census information, can then be used to not only report on the level of staff in each nursing home, but also to report on employee turnover and tenure, which can impact the quality of care delivered.

A final rule implementing the requirement for long-term care facilities to submit staffing data was published August 4, 2015. This rule amended 42 CFR §483.75 by adding the following section:

(u) Mandatory submission of staffing information based on payroll data in a uniform format. Long-term care facilities must electronically submit to CMS complete and accurate direct care staffing information, including information for agency and contract staff, based on payroll and other verifiable and auditable data in a uniform format according to specifications established by CMS.

(1) Direct Care Staff. Direct Care Staff are those individuals who, through interpersonal contact with residents or resident care management, provide care and services to allow residents to attain or maintain the highest practicable physical, mental, and psychosocial well-being. Direct care staff does not include individuals whose primary duty is maintaining the physical environment of the long term care facility (for example, housekeeping).

(2) Submission requirements. The facility must electronically submit to CMS complete and accurate direct care staffing information, including the following:

- (i) The category of work for each person on direct care staff (including, but not limited to, whether the individual is a registered nurse, licensed practical nurse, licensed vocational nurse, certified nursing assistant, therapist, or other type of medical personnel as specified by CMS);
- (ii) Resident census data; and
- (iii) Information on direct care staff turnover and tenure, and on the hours of care provided by each category of staff per resident per day (including, but not limited to, start date, end date (as applicable), and hours worked for each individual).

(3) Distinguishing employee from agency and contract staff. When reporting information about direct care staff, the facility must specify whether the individual is an employee of the facility, or is engaged by the facility under contract or through an agency.

(4) Data format. The facility must submit direct care staffing information in the uniform format specified by CMS.

(5) Submission schedule. The facility must submit direct care staffing information on the schedule specified by CMS, but no less frequently than quarterly.

For more information, please see

<https://www.federalregister.gov/articles/2015/08/04/2015-18950/medicare-program-prospective-payment-system-and-consolidated-billing-for-skilled-nursing-facilities>

Therefore, CMS has developed a system for facilities to submit staffing and census information – Payroll-Based Journal (PBJ). This system will allow staffing information to be collected on a regular and more frequent basis than currently collected. It will also be auditable to ensure accuracy.

This document provides basic information to be used for submitting staffing and census information through the PBJ system. Questions about this manual can be submitted to NHstaffing@cms.hhs.gov. There are additional materials that provide technical specifications and instructions on how to submit data manually or upload automatically from a payroll or time and attendance system. Information about where to find these materials is found below in section 1.4.

1.2 Submission Timeliness and Accuracy

Direct care staffing and census data will be collected quarterly, and is required to be timely and accurate. Please refer to Table 1 for a complete list of direct care staff that must be included.

Report Quarter: Staffing and census data will be collected for each fiscal quarter. Staffing data includes the number of hours worked by each staff member each day within a quarter. Census data includes the facility’s census on the last day of each of the three months in a quarter. The fiscal quarters are as follows:

Fiscal Quarter	Date Range
1	October 1 – December 31
2	January 1 – March 31
3	April 1 – June 30
4	July 1 – September 30

Deadline: Submissions must be received by the end of the 45th calendar day (11:59 PM Eastern Standard Time) after the last day in each fiscal quarter in order to be considered timely. Facilities may enter and submit data at any frequency throughout a quarter. The last accepted submission received before the deadline will be considered the facility’s final submission. Facilities may view their data submitted through Certification and Survey Provider Enhanced Reports (CASPER) and via the PBJ Online System. Note: The PBJ system will accept submissions after the deadline. However, these submissions will not be considered timely and will not be used to calculate a facility’s staffing measures.

Accuracy: Staffing information is required to be an accurate and complete submission of a facility’s staffing records. CMS will conduct audits to assess a facility’s compliance related to this requirement.

Facilities that do not meet these requirements will be considered noncompliant and subject to enforcement actions by CMS. Note: If a facility uses a vendor to submit information on behalf of the nursing home, the nursing home is still ultimately responsible for meeting all the requirements.

1.3 Registration

Submission of staffing information through PBJ will be accessed through the Quality Improvement & Evaluation System (QIES). To connect to PBJ through QIES you must

have a CMSnet user ID. Most long term care facilities will already have connectivity to QIES and CMSNet through submitting minimum data set (MDS) or other CMS data.

Individuals at facilities, vendors (e.g., payroll vendors), and/or corporate staff will need to register to submit data into the PBJ system. This is very similar to the process that has been in place with MDS data for years, and was recently updated to support both electronic plan of correct (ePOC) and hospice data submissions.

Registration for the PBJ system through QIES will begin in August 2015 for facilities that will submit data on a voluntary basis starting October 1, 2015 only. Please visit the following websites for more information:

- <https://www.qtso.com/cmsnet.html>
- https://mds.qiesnet.org/mds_home.html
- <https://www.qtso.com/webex/qiesclasses.php>

1.4 Methods of Submission

The PBJ system has been designed to accept two primary submission methods – 1) Manual data entry, and 2) Uploaded data from an automated payroll or time and attendance system (**XML format only**). In addition, users can use both methods, or combinations of these methods, for submitting data as needed or desired.

- 1) Entering information manually will require an individual(s) at a facility to key in information about employees, hours worked, and census information directly into the PBJ User Interface. The system has been designed to be user-friendly and intuitively guide users to successfully complete the process. Sample screens of the user interface are included below.
- 2) Uploading data directly from an automated payroll or time and attendance system will function very similarly to how MDS data are submitted currently. The data will be required to meet very specific technical specifications in order to be successfully submitted. These requirements can be found at <http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/NursingHomeQualityInits/Staffing-Data-Submission-PBJ.html>. Additionally, technical questions from vendors or software developers related to the PBJ Data Submission Specifications should be sent to: NursingHomePBJTechIssues@cms.hhs.gov.

CHAPTER 2: Definitions

2.1 Employee Record

Figure 1: Sample Employee Entry Screen

The screenshot shows the 'Add New Employee' screen in the CMS Payroll Based Journal. The page has a dark blue header with the CMS logo and 'Payroll Based Journal' text. On the right of the header, it says 'Welcome, [User Name] Sign Out'. Below the header is a navigation bar with 'Home', 'Upload Data File', 'Manual Data Entry', and 'Help'. The main content area is titled 'Add New Employee' and includes a 'Back to Previous Page' link. The form contains several fields: 'Facility' (dropdown menu), 'Pay Type Code' (dropdown menu), 'Employee ID' (text input), 'Hire Date' (calendar icon), and 'Termination Date' (calendar icon). Asterisks indicate required fields. At the bottom of the form are buttons for 'SAVE NEW EMPLOYEE' and 'CANCEL'. The footer of the page states 'Developed under contract with the Centers for Medicare & Medicaid Services (CMS)' and 'Accessibility Policy'.

a) Employee ID

All staff (direct employees and contract staff) must be entered into the system by assigning each staff member an Employee ID. Employee names and any personally identifiable information (PII) will not be stored in the system. The ID must be a unique identifier and not duplicated with any other current or previous staff. This ID should also not contain any PII, such as a Social Security Number (SSN).

For example (employee named Dylan Smith):

Employee ID: 54bgs714

Hire Date: June 20, 2013

Termination Date: February 19, 2016

No other staff can be assigned the Employee ID of 54bgs714. Also, Dylan's ID should not change during his employment. However, if the facility or provider's business process or system allows for reuse of an employee ID, when an individual leaves (terminated) and then returns to valid employment, the previous ID can be reused.

b) Hire Date

The first date of a staff member's employment and is paid for services delivered, either through direct employment or under contract. **For contract staff, the start date is the first date worked and billed for at the facility.**

c) Termination date

The last date a staff member's employment and is paid for services delivered, either through direct employment or under contract. **For contract staff, the end date is the last date the facility or the agency communicates that the contract individual will no longer be providing services at that facility (either voluntary or involuntary). If unsure, do not fill in an end date.**

d) Pay Type Code

Classification of whether the staff member is a direct employee of the facility (exempt or non-exempt), or employed under contract paid by the facility.

Employees whose jobs are governed by the Fair Labor Standards Act (FLSA) are either "exempt" or "nonexempt." Non-exempt employees are entitled to overtime pay. Exempt employees are not.

Contract staff includes individuals under contract (e.g., a contracted physical therapist) as well as individuals who provide services through organizations that are under contract (e.g., an agency to provide nurses).

NOTE: Only staff that meet these criteria are to be recorded. For example, physicians that are salaried by the facility should be recorded. Whereas physicians who provide services to many residents in a facility, but bill Medicare directly, should not.

Pay Type Code	Pay Type Description
1	Exempt
2	Non-Exempt
3	Contract

2.2 Staffing Hours Record

	+ Add New Work Entry	8.00	8.00	8.00	0.00	0.00	8.00	8.00	40.00
Employee 4	Medical Director		2.00	2.00		2.00	2.00		8.00
	+ Add New Work Entry	0.00	2.00	2.00	0.00	2.00	2.00	0.00	8.00

a) Work Day, Date

The day and date associated with the number of hours worked.

b) Hours

Facilities must submit the number of hours each staff member (including agency and contract staff) is paid to deliver services for each day worked. Do not count hours paid for any type of leave or non-work related absence from the facility or for any unpaid overtime. For example, if a salaried employee works 10 hours but is only paid for 8 hours, only 8 hours should be reported.

Reporting should be based on the employee's primary role and their official categorical title (for example, as indicated in a Human Resources system). It is understood that most roles have a variety of non-primary duties that are conducted throughout the day (e.g., helping out others when needed). Facilities should still report just the total hours of that employee based on their primary role.

For medical directors, CMS understands it may be difficult to identify the exact hours a physician spends performing medical director activities versus primary care activities. Data reported should be auditable and able to be verified through either payroll, invoices, and/or tied back to a contract. Facilities must use a reasonable methodology for calculating and reporting the number of hours spent on site conducting primary responsibilities. For example, if a medical director is contracted for a certain fee (e.g., per month) to participate in Quality Improvement meetings and review a certain number of medical records each month, the facility should have a reasonable methodology for converting those activities into the number of hours paid to work.

For consultants, data reported should be auditable and able to be verified through either payroll, invoices, and/or tied back to a contract. We understand it may be difficult to identify the exact hours a specialist contractor (e.g., non-agency nursing staff) is onsite. However, there should be some expectation of accountability for services provided. Facilities must use a reasonable methodology for calculating and reporting the number of hours spent on site conducting primary responsibilities, based on payments made for those services. Reminder: Hours for services performed that are billed to FFS Medicare or other payer, should not be reported. For example, physician visits to residents, hospice staff, or private duty nurses hours should not be reported.

Facilities need to report the hours that are allocated to the SNF/NF residents and should not include hours for staff providing services to residents in non-certified beds. For example, for hospital-based facilities or assisted living communities that share staff with the nursing home, only those hours of the staff that are dedicated to the residents of the nursing home shall be reported.

c) Job Title Code

A code identifying the CMS defined Job Title(s) that matches the role(s) of the staff member for the associated number of hours that the role(s) was performed (see Table 1).

d) Labor Category Code

A code identifying the CMS defined labor category groupings of associated Job Titles (see Table 1). **Note: the Labor Category Code is not needed for electronic uploads; only the Job Title Code is needed.**

DRAFT

2.3 Labor and Job Codes and Descriptions

Table 1 below provides the labor code, job code, and a description of the services associated with each type of staff to be recorded in the PBJ system.

Table 1: Labor and Job Codes and Descriptions

Labor Category Code	Job Title Code	Labor Description	Job Description	Description of Services
1	1	Administration Services	Administrator	The administrative staff responsible for facility management such as the administrator, assistant administrator, and other staff in the individual departments who do not perform services described below. Do not include the food service supervisor, housekeeping services supervisor, or facility engineer.
2	2	Physician Services	Medical Director	A physician designated as responsible for implementation of resident care policies and coordination of medical care in the facility in accordance with 483.75(i).
2	3	Physician Services	Other Physician	A salaried physician, other than the medical director, who supervises the care of residents when the attending physician is unavailable, and/or a physician(s) available to provide emergency services 24 hours a day.
2	4	Physician Services	Physician Assistant	A graduate of an accredited educational program for physician assistants who provides healthcare services typically performed by a physician, under the supervision of a physician.
3	5	Nursing Services	Registered Nurse Director of Nursing	Professional registered nurse(s) administratively responsible for managing and supervising nursing services within the facility. Do not additionally reflect these hours in any other category.
3	6	Nursing Services	Registered Nurse with Administrative Duties	Nurses (RN) who, as either a facility employee or contractor, perform the Resident Assessment Instrument function in the facility and do not perform direct care functions. Also include other RNs whose principal duties are spent conducting administrative functions. For example, the Assistant Director of Nursing is conducting educational/in-service. Facilities with an RN waiver who do not have an RN as DON report all administrative nursing hours in this category.

3	7	Nursing Services	Registered Nurse	Those persons licensed to practice as registered nurses in the State where the facility is located. Includes geriatric nurse practitioners and clinical nurse specialists who primarily perform nursing, not physician-delegated tasks. Do not include Registered Nurses' hours reported elsewhere.
3	8	Nursing Services	Licensed Practical/Vocational Nurse with Administrative Duties	Those persons licensed to practice as licensed practical/vocational nurses in the State where the facility is located, and do not perform direct care functions. Also include other nurses whose principal duties are spent conducting administrative functions. For example, the LPN Charge Nurse is conducting educational/in-service, or other duties which are not considered to be direct care giving.
3	9	Nursing Services	Licensed Practical/Vocational Nurse	Those persons licensed to practice as licensed practical/vocational nurses in the State where the facility is located. Do not include those hours of LPN/LVNs reported elsewhere.
3	10	Nursing Services	Certified Nurse Aide	Individuals who have completed a State approved training and competency evaluation program, or competency evaluation program approved by the State, or have been determined competent as provided in 483.150 and who are providing nursing or nursing-related services to residents. Do not include volunteers.
3	11	Nursing Services	Nurse Aide in Training	Individuals who are in the first 4 months of employment and who are receiving training in a State approved Nurse Aide training and competency evaluation program and are providing nursing or nursing-related services for which they have been trained and are under the supervision of a licensed or registered nurse. Do not include volunteers.
3	12	Nursing Services	Medication Aide/Technician	Individuals, other than a licensed professional, who fulfill the State requirement for approval to administer medications to residents.
2	13	Nursing Services	Nurse Practitioner	A registered nurse with specialized graduate education who is licensed by the state to diagnose and treat illness, independently or as part of a healthcare team.
3	14	Nursing Services	Clinical Nurse Specialist	A registered nurse with specialized graduate education who provides advanced nursing care.
4	15	Pharmacy Services	Pharmacist	The licensed pharmacist(s) who a facility is required to use for various purposes, including providing consultation on pharmacy services, establishing a system of records of controlled drugs, overseeing records and reconciling controlled drugs, and/or performing a monthly drug regimen review for each resident.

5	16	Dietary services	Dietitian	A person(s), employed full, part-time or on a consultant basis, who is either registered by the Commission of Dietetic Registration of the American Dietetic Association, or is qualified to be a dietitian on the basis of experience in identification of dietary needs, planning and implementation of dietary programs.
5	17	Dietary services	Paid Feeding Assistant	Person who meets the requirements specified in C.F.R. Section 483.35(h)(2) and who is paid to feed residents by a facility, or who is used under an arrangement with another agency or organization. Paid feeding assistants can only feed residents who do not have complicated feeding problems that would require the training of a nurse or nurse aide. Paid feeding assistants must not feed any residents with complicated feeding problems or perform any other nursing or nursing-related tasks.
6	18	Therapeutic Services	Occupational Therapist	Persons licensed/registered as occupational therapists according to State law in the State in which the facility is located. Include OTs who spend less than 50 percent of their time as activities therapists.
6	19	Therapeutic Services	Occupational Therapy Assistant	Person(s) who, in accord with State law, have licenses/certification and specialized training to assist a licensed/certified/registered Occupational Therapist (OT) to carry out the OT's comprehensive plan of care, without the direct supervision of the therapist. Include OT Assistants who spend less than 50 percent of their time as Activities Therapists.
6	20	Therapeutic Services	Occupational Therapy Aide	Person(s) who have specialized training to assist an OT to carry out the OT's comprehensive plan of care under the direct supervision of the therapist, in accord with State law.
6	21	Therapeutic Services	Physical Therapist	Persons licensed/registered as physical therapists, according to State law where the facility is located.
6	22	Therapeutic Services	Physical Therapy Assistant	Person(s) who, in accord with State law, have licenses/certification and specialized training to assist a licensed/certified/registered Physical Therapist (PT) to carry out the PT's comprehensive plan of care, without the direct supervision of the PT.
6	23	Therapeutic Services	Physical Therapy Aide	Person(s) who have specialized training to assist a PT to carry out the PT's comprehensive plan of care under the direct supervision of the therapist, in accordance with State law.
6	24	Therapeutic Services	Respiratory Therapist	Persons(s) who are licensed under state law (except in Alaska) as respiratory therapists.

6	25	Therapeutic Services	Respiratory Therapy Technician	Person(s) who provide respiratory care under the direction of respiratory therapists and physicians
6	26	Therapeutic Services	Speech/Language Pathologist	Persons licensed/registered, according to State law where the facility is located, to provide speech therapy and related services (e.g., teaching a resident to swallow).
6	27	Therapeutic Services	Therapeutic Recreation Specialist	Person(s) who, in accordance with State law, are licensed/registered and are eligible for certification as a therapeutic recreation specialist by a recognized accrediting body.
6	28	Therapeutic Services	Qualified Activities Professional	Person(s) who meet the definition of activities professional at 483.15(f)(2)(i)(A) and (B) or 483.15(f)(2)(ii) or (iii) or (iv) and who are providing an on-going program of activities designed to meet residents' interests and physical, mental or psychosocial needs. Do not include hours reported as Therapeutic Recreation Specialist, Occupational Therapist, OT Assistant, or other categories listed above.
6	29	Therapeutic Services	Other Activities Staff	Persons providing an on-going program of activities designed to meet residents' needs and interests. Do not include volunteers or hours reported elsewhere.
6	30	Therapeutic Services	Qualified Social Worker	Person licensed to practice social work in the State where the facility is located, or if licensure is not required, persons with a bachelor's degree in social work, a bachelor's degree in a human services field including but not limited to sociology, special education, rehabilitation counseling and psychology, and one year of supervised social work experience in a health care setting working directly with elderly individuals.
6	31	Therapeutic Services	Other Social Worker	Person(s) other than the qualified social worker who are involved in providing medical social services to residents. Do not include volunteers.
7	32	Dental Services	Dentist	Persons licensed as dentists, according to State law where the facility is located, to provide routine and emergency dental services.
8	33	Podiatry Services	Podiatrist	Persons licensed/registered as podiatrists, according to State law where the facility is located, to provide podiatric care.

9	34	Mental Health Services	Mental Health Service Worker	<p>Staff (excluding those included under therapeutic services) who provide programs of services targeted to residents' mental, emotional, psychological, or psychiatric well-being and which are intended to:</p> <ul style="list-style-type: none"> • Diagnose, describe, or evaluate a resident's mental or emotional status; • Prevent deviations from mental or emotional well-being from developing; or • Treat the resident according to a planned regimen to assist him/her in regaining, maintaining, or increasing emotional abilities to function. <p>Among the specific services included are psychotherapy and counseling, and administration and monitoring of psychotropic medications targeted to a psychiatric diagnosis.</p>
10	35	Vocational Services	Vocational Service Worker	Evaluation and training aimed at assisting the resident to enter, re-enter, or maintain employment in the labor force, including training for jobs in integrated settings (i.e., those which have both disabled and nondisabled workers) as well as in special settings such as sheltered workshops.
11	36	Clinical Laboratory Services	Clinical Laboratory Service Worker	Entities that provide laboratory services and are approved by Medicare as independent laboratories or hospitals.
12	37	Diagnostic X-ray Services	Diagnostic X-ray Service Worker	Radiology services, ordered by a physician, for diagnosis of a disease or other medical condition.
13	38	Administration & Storage of Blood Services	Blood Service Worker (NOT REQUIRED/OPTIONAL)	Blood bank and transfusion services.
14	39	Housekeeping Services	Housekeeping Service Worker (NOT REQUIRED/OPTIONAL)	Services, including those of the maintenance department, necessary to maintain the environment. Includes equipment kept in a clean, safe, functioning and sanitary condition. Includes housekeeping services supervisor and facility engineer.
15	40	Other Services	Other Service Worker (NOT REQUIRED/OPTIONAL)	Record total hours worked for all personnel not already recorded (For example, librarian).

March 31, 2015				

SAVE CHANGES

This website was developed under contract with the Centers for Medicare & Medicaid Services (CMS).

a) **Month End Date:**

Facilities must enter the resident census for the categories below for the last date of each month. For facilities entering census data manually, the Payroll Based Journal system will list the last date of each month for facilities to enter the associated census. Facilities uploading data from another system will need to adhere to the requirements in the technical specifications. **As with the staffing data (chapter 1.2 of this manual), the census information must be electronically uploaded or manually entered by the end of the 45th calendar day (11:59 PM Eastern Standard Time) after the last day in each fiscal quarter in order to be considered timely.**

b) **Medicaid:** Number of residents whose primary payer is Medicaid.

c) **Medicare:** Number of residents whose primary payer is Medicare.

d) **Other:** Number of residents whose primary payer is neither Medicaid or Medicare.
